Sudden Cardiac Arrest Screening **Saturday, April 25, 2020 • 9 a.m. - 2 p.m.** **200 Trenton Road • Browns Mills, NJ 08015**

Sudden Cardiac Arrest (SCA) is a Leading Cause of Death Amongst Students

A cardiac screening significantly increases the likelihood of identifying a heart condition, which may otherwise go undetected. Whether a student-athlete or member of the marching band, we can help students **PLAY ANOTHER DAY.**

All Students
Ages 12 - 19
